

# Community After School Program

## At the Cairo Elementary School

\*\*\*\*\*

**Our After School Program offers children a unique environment to play, move, explore and create.**

At the CAP your child will have the opportunity to participate in activities such as:

- Homework Tutoring
- Paper Mache Sculpture
- Painting
- Building Basics
- Organic Gardening
- Outdoor Games
- and much more.

We are always looking for parent volunteers who have a skill and would want to come and work with the kids. Just speak with Jaclyn to set something up.

\*Our program emphasizes fun fitness, creative self expression, outdoor education and academic achievement.

\* We are open from 3:15-5:30 every school day

\* Please join us in our Catskill location during Spring and Winter breaks (if we have sufficient enrollment)

\*Our building is equipped with a Gym, Library and Play Ground all of which are used by our After School Program.

\*We have plenty of room for new faces!

**If you have any questions or would like to enroll your child give us a call or download an application on our website [www.catskillcommunitycenter.org](http://www.catskillcommunitycenter.org)**

We look forward to seeing you in the Fall!
